Research Project: The History of Jazz Music

- Origins of jazz
  - Gospel
  - Blues
  - Rock
- Main movements
- Influential people
- Could possibly compose a jazz piece or solo as a final practical element.
- Playing styles—Who pioneered, or created them, when they thrived.
- Analysis of a few songs—starting recognizable about them and how they relate to
- Possible practical element for my presentation when play different styles and record them.

Brainstorming on ideas developed this week

- Why has it exceeded other forms of music and existed so permanently up until now?
- Why is jazz different from other styles and what made it such a hit?
- What is jazz?
- How the big band was formed.
- What were the initial reactions of society to the jazz movement.
- Particular instruments created or modified to suit and benefit the jazz movement (Saxophone).
